    <h1>Your Name</h1>

    <h2>About Me</h2>
    <p>
        Hi, I am a student pursuing my degree in Computer Science and Engineering.
        I am passionate about technology, learning new skills, and building projects
        that solve real-world problems.
    </p>

    <h2>My Photo</h2>
    
```

<h2>My Hobbies</h2>

Reading books

Listening to music

Playing outdoor games

Exploring new technologies

<h2>My Academic Goals</h2>

Complete my degree with a good CGPA

Gain hands-on experience through internships

Master core programming and problem-solving skills

Secure a good placement in a reputed company

Your Name

About Me

Hi, I am an Information Technology (IT) student who enjoys building practical, real-world applications using programming and AI. I love working on projects that combine computer vision and human-computer interaction.

My Photo

My Projects

- Facial Emotion Detection - a system that identifies human emotions from facial expressions using computer vision
- Hand Gesture Slide Control - a project that lets users move presentation slides using hand gestures
- More projects coming soon

My Hobbies

- Reading books
- Listening to music
- Passionate about knowing new things

My Academic Goals

1. Build strong skills in programming languages like Python and Java
2. Gain hands-on knowledge in AI, Machine Learning, and Computer Vision
3. Complete internships in the IT industry to gain real-world exposure
4. Develop innovative projects that solve real-world problems using technology
5. Secure a good placement as a Software Developer or IT professional

Subject Marks

Subject	Marks
Operating Systems	90
Cloud Computing	88
Data Structures	92
Computer Networks	85
